NOT IN TORONTO. The Stories About Dr. Cronin Cannot be Verified.

CHICAGO, May 13.-The Daily News this morning says: Every effort to verify the Toronto stories about Dr. Cronin has proved abortive. In answer to a telegram sent from this office to a prominant and reliable editor of Toronto came the reply: 'So far as known Cronin is not here. It is suspected he is in St. Catherines, where he has many friends, but there is no certainty."

A PART OF THE SAME PLOT. "It's all part of the same plot," said Mr. Conklin. "I know 'Lang,' and Dr. Cronin knew him and befriended him often. The of Solomonville. The army officers will do absurd. We have been right throughout, and you will see a change in public sentiment in a few days."

The theft of this boat the night the disposal of the body in the trunk was made may have been merely a coincidence, but Capt. > New York, May 13, 11 a. m .- The opening of the stock market this morning was dull and fairly steady, many stocks showing no change from Saturday's closing figures, while others were but slight fractions different. After a little hesitation the market moved upward, and Rock Island took the lead with a gain of 1 per cent, followed by Chicago Gas and the others with fractional advances. There were some slight recessions from the highest price later in the hour, but the tone still remained strong, and the dealings developed no further feature At 11 o'clock the market was quiet but firm to strong at or about the best prices reached.

> CLEVELAND, May 13.-Judge Stevenson Burke has begun legal action to prevent the Bee Line Big Four consolidation. The points of his objection are: The proposed contract as made is not authorized by any statute in Ohio; it is in conflict with the provisions of the statutes: the increase of capital stock to the amount of \$5,000,000 is illegal and subjects every stockholder receiving it, in case of insolvency of the company, to an obligation to pay par for it, beside increased statutory liabilities of the stockholders to the extent of \$5,000,000; the contract in question absolutely prohibits the board the majority of the stockholders, however large, from contracting any indebtedness or leasing any other railroad property without the consent of a majority of the preferred stockholders; there is no statutory authority in this state allowing the issue of preferred stock and surrender of common stock. It provides \$10,-000,000 of preferred stock, thus watering the \$5,000,000; this is also unlawful.

The prisoners were admitted to bail to appear for examination next

A DESPERATE FIGHT.

Particulars of the Robbery of Paymaster Wham.

Tucson, A. T., May 13.-Later advices of the robbery of United States Paymaster Wham on Saturday afternoon show that it was one of the most desperate and successful robberies and fights in the history of Arizona Territory. The scene of the battle is 5 miles north of Cedar Springs, near Fort Thomas. Major J. W. Wham with Clerk Gibbon and an escort of Wham with Clerk Gibbon and an escore of eleven soldiers were on their way from Fort Grant to pay the troops at Fort Thomas. In a narrow gorge they were attacked by an ambushed gang of men. The soldiers, the paymaster and his assistants opened fire upon the britands. the brigands.

At the expiration of that time eight of the eleven solders of the escort were wounded, five dangerously. The robbers succeeded in securing \$29,000 and making their escape to the mountains. Maj. Wham escaped uninjured.
Mr. Gibbon was shot through the clothing.
Several troops of cavalry have been sent out
from fort Grant to watch the mountain passes. Every effort is being made to capture the high-waymen. Nothing is known as to their num-ber, but it cannot be less than seven or eight. judging from the rapidity of the firing. Troops have been ordered out from forts Grant, Thomas, and Lowell to guard the Gila moun-

AFTER SECURING THE TREASURE the brigands went south toward the small town statements made in the alleged interview are their best to keep them from reaching the Mexican line. All the railroad stations are watched to intercept them if they try to escape that way. It is impossible to get any particulars and incidents of the fight, as the telegraph lin Mrs. Conklin denounced "Lang" bitterly and leading to Fort Thomas is a government wire,

Most of the soldiers who were in the fight were colored and belonged to the eleventh cavalry. The wounded are all thought to be fatally injured. Three of them cannot be moved

THE CHEROKEE STRIP. Indians Exercised Over Its Proposed Sale and Its Price.

I. T., says: The Cherokees are somewhat exercised over the attitude of Chief Joel B. Mayes with regard to the sale of Cherokee strip to the United States. The initial step toward the purchase is the calling together of the Cherokee legislature for approval of the sales. Chief Mayes, however, refuses to convene the legislature for such a purpose. A majority of the Indians are opposed to the sale and sustain Meyes, but a powerful minority is nrging him to convene the general assembly and settle the price to be paid for the land. It is understood the commissioners will offer \$1.75 per acre, but the Cherokees are not likely to accept that figure, holding that \$4 or \$5 per acre would be no more than the land is worth. While the diversity of opinion as to the sale at any price embraced in the strip could be disposed of for \$24,000,000 to the government a sale might be effected. Unless Chief Mayes will be prevailed defeated, as the purchase cannot be made with-out the sanction of that body.
